

LIIS LEPLER

ABOUT ME

I am an energetic 23-year-old university student from Estonia studying New Media Design at Jönköping University. After graduation, I wish is to work with front-end development. I have previous work experience with UI & UX design, graphic design, and customer service, these experiences have made me enjoy working in a team. I am always eager to learn something new and love to find ways to add creativity to the workplace and projects.
